

# Telemedicine

## **Criteria**

We must have seen your pet for an examination in the last 12 months.

The problem must be minor.

The problem must be easily and accurately described over the phone.

As a pet owner you must understand the limitation of telediagnosis.

## **How to**

Schedule a time for the doctor to have a telephone conversation with you.

Any medication prescribed can be picked up at our clinic or can potentially be called to a pharmacy of your choosing.

## **Cost**

A telemedicine charge of \$50.00 along with any medication charges will be collected by a receptionist after the consult.
